VISHNUPRIYA M V

Thrissur, Kerala, India | v74641001@gmail.com | Portfolio: **vishnupriyamv.in**
github.com/vishnupriya759285 | linkedin.com/in/vishnupriya-m-v-607279355

Computer Science Engineering undergraduate (CGPA 9.40/10) building AI-powered products, from an LLM-based exam evaluator to AI agents and automated business workflows. Skilled in Python, JavaScript, Next.js, React.js, Flutter, Supabase, LLM integration, and REST APIs.

EDUCATION

Bachelor of Technology in Computer Science Engineering 2024 – 2028
Sahrdaya College of Engineering and Technology, Thrissur, Kerala **CGPA: 9.40 / 10**
Minor: Bioinformatics | Honours: Mathematics for Machine Learning | Elective: Web Technologies

INTERNSHIP EXPERIENCE

E-Commerce Intern – AI Automation and Operations Jul 2026 – Present
Karv Devices Private Limited (Pamjoy E-Commerce Program) · Online

- Build AI agents, chatbots, and automated workflows with n8n, Make, Zapier, and LLMs for customer support, email marketing, and business operations.
- Automate product listings, SEO metadata, and Shopify/CRM integrations, and generate AI-driven sales reports and analytics that support revenue growth.

Intern – AI and Machine Learning / Data Science and Analytics Jun 2026 – Jul 2026
InternPe · Remote

- Applied Python-based machine learning and data analysis to real-world AI/ML and Data Science tasks.

AI Automation and Intelligent Solutions Intern Jun 2026
AICTE | IBM SkillsBuild (BharatCares) · Self-paced Virtual Internship

- Applied core AI/ML concepts to real-world automation use cases in a structured AICTE–IBM SkillsBuild program.

PROJECTS

PATHWISE – Multimodal AI Career Planning Agent *Top 30 – She Builds Tech 3.0* Next.js, React.js, LangGraph, LLMs

- Multimodal AI agent that builds career plans from interviews on goals, finances, and family expectations.
- LangGraph multi-agent system with Plan A/B/C feasibility scoring, milestone roadmaps, and 30-day follow-ups.

Bus Tracking App Flutter, Dart, Firebase, Google Maps API, GPS

- Real-time bus tracking app showing live bus locations, ETA, and routes on Google Maps.
- Firebase Authentication and Firestore for secure, real-time location sync.

ETLAB+ Smart Academic Advisor Platform *Best College Project Award* Java, REST APIs, JWT

- Secure academic advisor system with JWT authentication, encrypted ETLab token management, and REST APIs.

Smart Rural Area Issue Management System *First Prize – TinkHerHack 4.0* Full-Stack

- Platform for Kerala panchayats to manage civic issues, events, public notices, and welfare schemes.
- Citizens report problems, register for events via QR codes, and access pension and welfare information.

Tech Mentor Platform *Top 5 Finalist – Techlathlon, ICT Kerala* Full-Stack

- Mentorship platform connecting students with industry mentors; Top 5 among 100+ teams.

Rubriq – AI Exam Evaluator & Campus Knowledge Hub *Codex Hackathon – Individual* Next.js, Supabase, LLMs

- AI grading of handwritten exam papers with auto-generated rubrics, quoted evidence, and teacher overrides.
- Student results portal plus a verified campus mentor network with AI "Who Can Help Me?" matching.

FixMyCampus Next.js, Supabase

- Unified platform to report, track, and resolve everything happening across a university or college.

AI Buddy System to Reduce University Dropouts Python, Flask, NLP

- AI chat assistant and early-intervention tools to support at-risk students.

VibeCheck – Automated AI Outfit-to-Soundtrack Matcher Python, OpenCV, OCR, Multimodal LLMs

- Watches your outfit through a live camera in real time and reads any words or slogans printed on your T-shirt.
- Instantly plays the matching Malayalam, Hindi, Tamil, or global banger, because outfits shouldn't exist in silence.

TECHNICAL SKILLS

AI and Automation	LLM Integration (GPT, Claude, Gemini), Multimodal LLMs, AI Agents, Semantic Search, Chatbot Development, Prompt Engineering, n8n, Make, Zapier
Frontend Development	Next.js, React.js, Flutter, HTML5, CSS3, Responsive Design, Component-based Architecture
Backend and Databases	Supabase, PostgreSQL (IIT Bombay certified, 97.50%), Firebase, Flask, REST APIs, JWT Authentication, Encryption
Programming Languages	Python, JavaScript, Dart, Java, C
E-Commerce and CRM	Shopify, HubSpot CRM, CRM Automation, Inventory and Shipping Systems, SEO Metadata Automation
UI/UX Design	Figma, Wireframing, Prototyping, User Research, Design Systems, Interaction Design
Cloud, Testing and Tools	AWS Cloud Practitioner Essentials, Selenium, Git, GitHub, VS Code, Android Studio, Chrome DevTools

ACHIEVEMENTS AND LEADERSHIP

- **First Prize** – TinkHerHack 4.0 Hackathon 2026
- **First Prize** – Synth and Steel Ideathon, Riti 11.0 (AI for Safer Workplaces)
- **Pre-Finalist** – NASA Space Apps Challenge 2025
- **Best College Project Award** – ETLAB+ Smart Academic Advisor Platform (team project)
- **Top 5 Finalist** – Techlathlon Hackathon, ICT Kerala at Infopark (100+ teams)
- **Top 30** – Selected among the top 30 of 300+ teams at She Builds Tech 3.0, Kerala Startup Mission (KSUM)
- **Selected Participant** – Codex Hackathon
- **20+ hackathons** at state and national level, including TinkHerHack 4.0, Techlathlon, and TinkerHub Overnight

CERTIFICATIONS

- AWS Cloud Practitioner Essentials — AWS
- RDBMS – PostgreSQL — IIT Bombay (97.50%)
- CRM Automation — HubSpot Academy
- Generative AI and Symbolic Reasoning — Johns Hopkins (Coursera)
- AI Automation & Intelligent Solutions — AICTE | IBM SkillsBuild
- ML for Data Science Projects — IBM SkillsBuild
- IBM Web Development — IBM SkillsBuild
- Introduction to Selenium — Coursera
- AI Workplace Proficiency — SuperHuman Academy
- Project Management — HP LIFE
- Problem Solving — HackerRank (Silver Badge)
